

MEHMET KARABULUT

Istanbul Technical University, Petroleum and Natural Gas Engineering Senior Year Student

karabulutmmmt@gmail.com +90 552 579 0640 [linkedin.com/in/mehmetkarabulut1](https://www.linkedin.com/in/mehmetkarabulut1)
github.com/Mehmetkarabulut1 Ankara

Petroleum and Natural Gas Engineering student with hands-on experience in drilling, reservoir, geothermal, production and workover engineering, combined with leadership in autonomous systems projects. Experienced in field operations and multidisciplinary engineering environments.

I have a Class B driver's license and my military service is deferred until December 31, 2028.

EDUCATION

Istanbul Technical University Petroleum and Natural Gas Engineering (English), Senior Year	<i>Sep 2020 – Present</i>
Istanbul University Computer Programming, 2nd Year	<i>Sep 2023 – Present</i>

EXPERIENCE

Güris Company - Mogan Energy <i>Long Term Intern - Geothermal Reservoir Engineering</i>	<i>09.03.2026 - 01.06.2026</i>
• Gained theoretical knowledge in geothermal reservoir engineering, including well testing, cementing calculations, and well control.	
Turkish Petroleum International Company <i>Intern - Drilling Engineering</i>	<i>25.08.2025 - 12.09.2025</i>
• Gained theoretical and practical knowledge in monitoring drilling parameters, mud engineering calculations, wellbore stability analysis, and evaluating field operations from an engineering perspective.	
IGDAŞ (Istanbul Gas Distribution Industry and Trade Inc.) <i>Intern – Construction Inspection Engineering</i>	<i>04.08.2025 - 22.08.2025</i>
• Acquired hands-on experience in steel and polyethylene pipeline installation techniques, pressure testing procedures, and regulator systems. • Improved skills in technical documentation and safety standards.	
Eurasia Institute of Earth Sciences <i>Part-Time Student Assistant</i>	<i>01.03.2025 - 30.06.2025</i>
• Assisted in office operations and administrative tasks to support the institute's daily workflow.	
TransAtlantic Petroleum LLC <i>Intern – Production and Workover Engineering</i>	<i>28.08.2024 - 27.09.2024</i>
• Gained theoretical and practical knowledge in well maintenance, repair operations, and production optimization, specifically focusing on acidizing and hydraulic fracturing operations. Performed acoustic and dynamometer tests to evaluate and optimize well performance.	
Gemini Sailing <i>Part-Time Sailing Instructor</i>	<i>01.02.2024 – Present</i>
• Conducted sailing training, participated in races, and performed safe vessel transfers. • Provided basic and advanced sailing education and managed team coordination and safety procedures.	
Hedef Sailing <i>Sailing Coach</i>	<i>20.07.2019 – 06.08.2023</i>

PROJECTS

ITU UZMAR ATeam – Project Team Captain

- Led a multidisciplinary team and managed technical coordination for national and international autonomous vehicle competitions.
- Performed hands-on fabrication including the manufacturing and repair of the "Beeast" vessel using epoxy fiberglass, and designed mechanical components using Fusion 360 and AutoCAD.
- Initiated the RD phase for a new Remotely Operated Vehicle (ROV) project and developed image processing systems using Python and ROS.

Capstone Design Project - Heavy Oil Field Development

- Conducted advanced reservoir simulations using Kappa Rubis to model complex fluid flow and evaluate heavy oil production strategies.
- Designed well completion and performed hydraulic calculations to ensure optimal flow efficiency and well-bore stability.
- Performed material balance and Darcy-based calculations to optimize field development plans and predict long-term performance.
- Executed comprehensive economic analyses to determine project viability, including CAPEX/OPEX estimations and NPV calculations.

INTERESTS & SKILLS

- **Skills;** Web design, robotics and coding (Python, Kappa Rubis, CMG, Fusion 360, AutoCAD), Proficiency with MS Office and online training platforms.
- **Interests;** Outdoor and Sports: P2 Paragliding Pilot, CMAS 1-star Scuba Diver, Sailing Athlete Instructor, Road Cyclist, Alpinist, Camper, Amateur Baglama Musician, Landscape and Street Photographer.

LICENSES & CERTIFICATIONS

- **Engineering and Technical:** Drilling and Well Servicing (Learn To Drill), Natural Gas (Coursera), MATLAB Onramp, Python Fundamentals (BTK Academy), Microsoft Excel Fundamentals (BTK Academy)
- **Management and Professional:** Project Management Fundamentals, KOSGEB Entrepreneurship Training, Short Range Radio Operator Certificate (Ministry of Transport and Infrastructure)
- **Safety and Field Operations:** First Aid Training (IENSTITU), Fire Safety (Learn To Drill), Basic AFAD Volunteer (Disaster and Emergency Management Authority)

VOLUNTEERING

Turkish Volleyball Federation

Dec 2021

Organizer – worked in airport delegation reception at the Women's World Volleyball Championship.

Turkish Sailing Federation

Apr 2021

Organizer – responsible for field operations during the 2021 Optimist national team selections.

Istanbul Technical University

Feb 2024

Tree Planting Volunteer – contributed to the 250th anniversary memorial forest project in Muğla Ören.

AFAD (Disaster and Emergency Management Authority)

Feb 2024

Basic AFAD Volunteer – completed official training and gained awareness in emergency management and disaster response.
